15:30-15:40h. How to analyse the kidney stones. B. Isern
- 15:40-16:00h.** **Simposium: Succesful endoscopic treatment of VUR**
In collaboration with Teleflex
M.A. Conca

- 16:00-20:15h.** **Surgical cases. Presentation. Live surgery Sessions**
Moderators: A. Budía, A. Pérez-Lanzac and L. Dragos
16:00-17:20h. OR 1. Live surgery. Prostatic enucleation with TFL. J. Sánchez Macías
Material provided by Olympus (TFL laser) and Presurgy morcellator
16:00-17:20h. OR 2. Live surgery. Prostatic enucleation with Holmium laser I. Schwartzman
Boston Scientific (HL moses 2.0) and Dornier Hawk morcellator
17:20- 18:00h. Prostatic enucleation. Step by step. Tips and tricks for the expert. J.R. Pérez Carral
- 17:40-18:10h.** **Nonstop Coffee break**
- 18:00-19:10h. OR 1. Prostatic enucleation. J. R. Pérez Carral. Material provided by Dornier
OR 2. Rezum. I. Povo. Material provided by Boston Scientific
18:00-19:10h. Semi-live surgery iTIND. A. Budía. Material provided by Olympus
19:10-19:40h. Clinical case discussion session. MIT in BPH. Moderator: L. Dragos
Panelists: I. Povo, I. Schwartzmann and J. Sánchez Macías
19:40-20:15h. Live surgery session. Minimal invasive management of BPH Moderator: R. Cansino
OR 1. Aquabeam. A. Zarranandia. Material provided by MAC
OR 2. Prostatic enucleation. I. Sáez. Material provided by Coloplaast (TFL Láser)
and Dornier morcellator
- 20:15-20:30h.** **Closing session**

Friday, October 31th 2025

- 8:30-9:00h.** **Metabolic evaluation and medical management of urolithiasis: An Update with New treatment modalities**
Moderators: K. Petkova and M. Ramos
Patients compliance to medical treatment: How can we improve it? A. Valladares
New treatment modalities in metabolic disorders. M. Mata
- 9:00-10:30h.** **Presentation of surgical cases. Live surgery**
Moderators: A. Pérez-Lanzac and F. Ramón de Fata
OR1. Mini-perc in prone position. R. Cansino. Material provided by Cook medical/Olympus
Semi-live surgery UROLIFT. M. Fernández Arjona. Material provided by Teleflex
OR2. MiniECIRS (upper pole access). M. Cepeda and C. Manso
Material provided by Dornier (Láser)/MAC
- 10:30-10:45h.** **Special session. Treatment of stone disease in the living donor and recipient**
Moderator: C. Manso. **Speaker:** M. Ramos
- 10:45-11:00h.** **Special session. Endourology in children: Where are we in 2025?**
Moderator: A. Serrano. **Speaker:** A. Bujons
- 11:00-11:20h.** **Coffee break**
- 11:20-11:40h.** **Semi-live surgery on the use of FANS during RIRS**
Which FANS device should we choose C. Manso
- 11:40- 12:30h.** **Live surgery**
Moderators: T. Fernández Aparicio, A. Serrano and J.A. Galán
OR1. Endoscopic treatment of UTUC. A. Pérez-Lanzac
Material provided by Ambu and Dornier
OR2. Semi-live surgery.
Endoscopic treatment of ureteral stenosis with medicated balloon. A. Rivero
- 12:30-14:00h.** **Semi-live surgery and live surgery**
Moderator: K. Petkova
OR1. RIRS with DISS. J. M. López. Material provided by Dornier
OR2. RIRS with FANS. O. Angerri
Material provided by Neomedic/Ambu/Boston Scientific (HL moses 2.0)
- 14:00-14:15h.** **Closing remarks**
